**Best Practice 8**

**1. Title of the practice:** Effective Teaching by ICT

**2. Objectives of the Practice:**

To impact student learning when teachers are digitally literate and understand how to integrate it into curriculum. It involves use a diverse set of ICT tools to communicate, create, disseminate, store, and manage information. Since an ERP solution stores data all in one place, teachers are able to make more informed decisions about student attendance, performance and behaviour.

**3. The context:**

The traditional and cultural way of chalk and talk teaching has limitations like board management, lack of neat diagrams, figure's explanation, hand writing skills etc. Institute has adopted ICT based collaborative advance learning system. Institute uses various ICT tools to improve teaching-learning process with the help of Power Point & video presentations, Educational software's, Smart board, online platforms, Digital resources, etc.

**4. The practice:**

**A. Effective teaching by ICT:** ICT tools complement the conventional teaching techniques particularly in difficult subject areas. To achieve these objectives, teachers develop e-content in form of Power Point presentations, videos, notes etc. as well as use software's for simulations. E-content is shared with students and also uploaded on YouTube.

**B.** The use of multimedia teaching aids like digital smart board, LCD projectors, ZOOM online, YouTube, application, smart classrooms and internet enabled computer systems are routine practice.
