SUBJECT: INVITATION AS YOGA TEACHER

Respected Madam,

I have the honour to request following for your kind consideration please.

We are one the premiere Institute located in the very vicinity of pious footsteps of Saint Gyaneshwar i.e. Alandi (Devachi) in Pune. We are imparting two years' full time Post Graduate Programme in Business Administration i.e. MBA, affiliated to University of Pune.

Management students are the "Future Managers". Our endeavor is to cast them as Industry demands too. In doing so, and enabling the students to deeply understand the Industrial organizational set up imbibed with Modern Management Practices and honing the management tactics, we intend an intensive interaction of students with your able and learned Management Team. We truly believe that their interaction would assist in inculcate leadership qualities in these students i.e. "Future Managers".

Kindly acknowledge and confirm your availability so that we can arrange offline International Yoga Day session.

Thank you and regards

REPORT ON INTERNATIONAL YOGA DAY

Respected Sir,

Our Institute has organized **INTERNATIONAL YOGA DAY** on **Thursday, 21st June 2023** at our Institute premises.

All the faculties, non-teaching staff and students of this Institute have attended the same event.

Formal inauguration ceremony was started with **Mata Saraswati Poojan** and **Lamp Lighting** Ceremony by auspicious hands of our Chief Guest and Yoga Teacher **Mrs. Poorva Sane** followed by her inaugural speech on Importance of yoga in our life. Further various Yoga and Pranayama Practices were carried out by all the participants.

Details of the programme are attached here with.

Submitted for your kind information and further needful please.

Thank you and regards.

Yours truly,

Encl: **As stated**

Notice

Date-18-6-23

All the students of MBA-I are here by informed that, there will be Value Added course is offered by our institution on Summer Training Program – Artificial Intelligence (AI) conducted by Infosys on Infosys Springboard. The aim of such initiatives is to prepare students job ready as per demand. And this opportunity will be helpful for your career progression. These the corporate certifications/Specializations will help you become job ready-This opportunity will boost your career.

Certificate Name- 1) Summer Training Program – Artificial Intelligence (AI)

In view of above students are informed following instructions:

1. All students should register themselves today only on Infosys Springboard.
2. The course will start from 24-07-2023 to 31-07-2023.

Dear Participant,

Welcome to the **Summer Training Program – Artificial Intelligence (AI).**

Please find the session details below.

Course	**Technology Masterclass - AI**
Date	**July 24, 2023 – July 31, 2023**

	(Everyday)
Time	**3:00 PM – 4:30 PM**
Platform	**WebEx**
WebEx Link	**Click here**
Webinar number	**2511 965 6157**
Webinar password:	**Infy123**

Note:- Please refer same link for all the sessions.

Over the duration of this training program, you will:

- Gain comprehensive insights into Artificial Intelligence, exploring its various concepts, applications, and best practices
- Get guidance from our subject matter expert who will share valuable industry insights to enhance your Artificial Intelligence.

Pre-requisites:

To ensure a smooth and productive learning experience, we request you to:

- Install WebEx application on your device.
- Please join 10 minutes before the session time.
- Ensure your login ID is registered on Infosys Springboard. Reach out to college faculty in case of any doubt.

Certification Details:-

Artificial Intelligence Primer Certification:

1. Introduction to Artificial Intelligence
2. Introduction to Natural Language Processing
3. Introduction to Deep Learning
4. Introduction to Data Science
5. Computer Vision 101
6. Introduction to Robotic Process Automation

For any queries, reach out to your faculty coordinator or write to springboard-support@infosys.com

Best regards,

Campus Connect Team

Outcomes of Summer Training Program – Artificial Intelligence (AI):

Name of Course :	**Certificate Course in Personality Development Course and Interview Skills Course**
Duration :	30 Hrs
Course Objectives :	

The objectives of a Summer Training Program in Artificial Intelligence (AI) can vary based on the goals of the program, the level of participants (beginner, intermediate, advanced), and the duration of the training. However, here are some common objectives that are often associated with AI summer training programs:

- **Introduction to AI Concepts:**
  - **Fundamentals:** Provide participants with a solid understanding of the fundamental concepts and principles of artificial intelligence.
  - **Overview:** Cover the basics of machine learning, deep learning, natural language processing, computer vision, and other key areas within AI.
- **Hands-on Technical Training:**
  - **Programming Skills:** Develop participants' proficiency in programming languages commonly used in AI, such as Python.
  - **Tool and Framework Mastery:** Familiarize participants with popular AI tools and frameworks, such as TensorFlow, PyTorch, and scikit-learn.
- **Practical Application:**
  - **Project Work:** Enable participants to work on practical AI projects to reinforce theoretical knowledge and gain hands-on experience.

DIRECTOR
RAJMATA JIJAU SHIKSHAN PRASARAK MANDAL'S
INSTITUTE OF COMPUTER & MANAGEMENT RESEARCH
Dudulgaon, Pune-412 105

- **Problem Solving:** Emphasize problem-solving skills by addressing real-world challenges through AI applications.

- **Skill Development:**
  - **Algorithmic Understanding:** Ensure participants understand the underlying algorithms and models used in AI applications.
  - **Data Handling:** Train participants in collecting, cleaning, and preprocessing data for AI models.
- **Industry Alignment:**
  - **Applications Across Sectors:** Illustrate the diverse applications of AI in various industries, such as healthcare, finance, cybersecurity, and marketing.
  - **Case Studies:** Present case studies of successful AI implementations in real-world scenarios.
- **Collaboration and Communication:**
  - **Teamwork:** Encourage collaboration among participants to simulate real-world team dynamics.
  - **Communication Skills:** Develop the ability to articulate ideas and present findings effectively, both in written reports and oral presentations.
- **Career Guidance:**
  - **Career Paths:** Provide insights into different career paths within the AI field, including research, development, and application in industry.
  - **Further Education Opportunities:** Guide participants on potential further education and specialization options in AI.
- **Networking Opportunities:**
  - **Interaction with Experts:** Facilitate interactions between participants and industry experts or AI professionals.
  - **Peer Networking:** Create opportunities for participants to build a network with their peers who share similar interests.
- **Certification:**
  - **Recognition:** Offer a certification upon successful completion, validating the participants' commitment and achievement in AI training.
- **Continuous Learning Mindset:**
  - **Awareness of Rapid Changes:** Emphasize the need for continuous learning in the dynamic field of AI.
  - **Resource Exploration:** Equip participants with resources and strategies for staying updated on the latest advancements in AI.
-

Course Outcomes :

The outcomes of a Summer Training Program in Artificial Intelligence (AI) can vary based on the specific curriculum, duration, and intensity of the program. However, generally, participants in such programs can expect to gain several benefits and outcomes, including:

- **Skill Development:**
  - **Technical Skills:** Participants will acquire hands-on experience with AI tools, frameworks, and programming languages commonly used in the field, such as Python, TensorFlow, PyTorch, and scikit-learn.
  - **Algorithmic Understanding:** Gain a deeper understanding of AI algorithms, including machine learning and deep learning techniques.
- **Project Experience:**
  - **Practical Application:** Work on real-world AI projects that provide practical experience and the opportunity to apply theoretical knowledge to solve problems.
  - **Portfolio Building:** Develop a portfolio of AI projects that can be showcased to potential employers or used for further academic pursuits.
- **Industry-Relevant Knowledge:**
  - **Understanding AI Applications:** Gain insights into the various applications of AI across industries, such as healthcare, finance, marketing, and robotics.
  - **Stay Updated:** Stay abreast of the latest trends and advancements in AI, ensuring that participants are equipped with current industry knowledge.
- **Collaboration and Networking:**
  - **Teamwork:** Collaborate with peers on projects, fostering teamwork and communication skills.
  - **Networking Opportunities:** Connect with industry professionals, mentors, and fellow participants, potentially opening doors for future collaborations or employment opportunities.
- **Soft Skills Enhancement:**
  - **Communication:** Improve communication skills through presentations, project reports, and interactions with mentors and peers.
  - **Problem-Solving:** Develop critical thinking and problem-solving skills by tackling real-world challenges in the AI domain.
- **Career Development:**
  - **Resume Enhancement:** Add a valuable experience to resumes, making participants more competitive in the job market.
  - **Career Guidance:** Receive guidance on career paths within the AI field, including potential specializations and further educational opportunities.

Dudulgaon, Pune-06. MB 6158

DIRECTOR
RAJMATA JIJAU SHIKSHAN PRASARAK MANDAL'S
INSTITUTE OF COMPUTER & MANAGEMENT RESEARCH
Dudulgaon, Pune-412 105

- **Certification:**
  - **Recognition:** Obtain a certificate of completion, which can add credibility to the participant's skills and knowledge in AI.
- **Personal Growth:**
  - **Confidence Building:** Gain confidence in tackling complex problems and working on cutting-edge technologies.
  - **Exploration of Interests:** Discover specific areas of AI that align with personal interests and career goals.
- **Continued Learning:**
  - **Self-Direction:** Develop a mindset for continuous learning, as AI is a rapidly evolving field, and staying updated is crucial
-

Course Pre-requisites :

The prerequisites for a Summer Training Program in Artificial Intelligence (AI) can vary depending on the specific content and focus of the program. However, here are some common course prerequisites that are often expected of participants in AI training programs:

Basic Programming Skills:

- Proficiency in a programming language, with a strong emphasis on Python. Python is widely used in the AI community for its simplicity and a rich ecosystem of libraries.

Mathematics Background:

- Understanding of foundational mathematical concepts, particularly in linear algebra, calculus, and probability. These concepts form the basis for many algorithms and models in AI.

Statistics Knowledge:

- Familiarity with basic statistical concepts is important for understanding and evaluating machine learning models.

Data Handling Skills:

- Basic knowledge of data handling, including data collection, cleaning, and preprocessing.

Computer Science Fundamentals:

- Basic understanding of computer science fundamentals, including data structures and algorithms.

Computer Science Fundamentals:

- Basic understanding of computer science fundamentals, including data structures and algorithms.

Machine Learning Basics:

DIRECTOR
RAJMATA JIJAU SHIKSHAN PRASARAK MANDAL'S
INSTITUTE OF COMPUTER & MANAGEMENT RESEARCH
Dudulgaon, Pune-412 105

- Some exposure to machine learning concepts is beneficial. This might include an understanding of supervised and unsupervised learning, as well as key algorithms.

Linear Algebra and Calculus:

- Proficiency in basic linear algebra and calculus is essential for understanding the mathematical foundations of machine learning algorithms.

Critical Thinking and Problem-Solving Skills:

- Ability to think critically and solve problems, as AI often involves addressing complex challenges.

Interest and Motivation:

- Genuine interest in artificial intelligence and motivation to learn and explore the field.

Career Prospects:

Participating in a Summer Training Program in Artificial Intelligence (AI) can significantly enhance career prospects by equipping individuals with relevant skills and knowledge. Here are some career prospects that participants may explore after completing such a program:

- **AI Developer / Engineer:**
  - Design, develop, and implement AI algorithms and models for various applications, ranging from natural language processing and computer vision to machine learning.
- **Data Scientist:**
  - Analyze and interpret complex data sets to inform business decision-making. Data scientists use AI and machine learning techniques to extract valuable insights from data.
- **Machine Learning Engineer:**
  - Specialize in building and deploying machine learning models. This involves training models on large datasets and optimizing them for performance.
- **AI Researcher:**
  - Contribute to the advancement of AI by engaging in research activities. This may involve developing new algorithms, improving existing models, or exploring novel applications.
- **Computer Vision Engineer:**
  - Focus on developing algorithms and systems that enable machines to interpret and understand visual information from the world, a key aspect of AI applications.
- **Natural Language Processing (NLP) Engineer:**

- Work on applications involving the interaction between computers and human language, such as chatbots, language translation, and sentiment analysis.

- **Robotics Engineer:**
  - Combine AI with robotics to create intelligent systems that can perform tasks in the physical world. This could involve developing autonomous vehicles, drones, or industrial robots.
- **AI Consultant:**
  - Provide expertise to organizations looking to implement AI solutions. This may involve assessing business needs, recommending AI strategies, and overseeing the implementation of AI projects.
- **AI Product Manager:**
  - Manage the development and implementation of AI products. This role involves understanding market needs, working with development teams, and ensuring the successful launch of AI-based products.
- **Entrepreneur in AI Startups:**
  - Start your own AI-focused venture, leveraging the skills acquired during the training program to address specific industry challenges or create innovative solutions.
- **AI Ethicist:**
  - Explore the ethical implications of AI and work to ensure responsible and unbiased development and deployment of AI technologies.
- **Further Academic Pursuits:**
  - Pursue advanced degrees (Master's or Ph.D.) in AI or related fields, building on the foundational knowledge gained during the summer training program
